

# EQUIPCART™

## Portable Folding Equipment Cart

**DNTLworks™**  
Equipment Corporation

**Lightweight**  
**High capacity**  
**Low Profile**  
**Foldable**

**T**his 11 lb. (5 kg), back-saving wonder is the answer when taking your favorite portable equipment on and off site at schools, nursing homes, or any other field location.

The low profile, lightweight design might fool you into thinking that the EquipCart isn't up to the task; it can accommodate loads of up to 275 lbs. (125 kg)! The standard, high-strength bungee cord securely holds your equipment in place, while the large, puncture-proof tires make short work of stairs, ramps, and curbs.

Like all DNTLworks equipment, the EquipCart is designed to be stored easily in your vehicle or closet. It folds flat to a mere 2.5" (6.35cm).

### **SPECIFICATIONS**

**Weight: 11 lbs. (5 kg)**

**Folded Width: 2.5"**  
**(6.35cm)**
